RESPONSE TO RESTRICTION REQUIREMENT

Commissioner for Patents
P.O. Box 1450
Alexandria, VA 22313-1450

Sir:

In response to the Official Action dated January 5, 2009, the following remarks are submitted.

The aforementioned Official Action indicates that the claims in this application are directed to two different inventions. As identified in the Official Action, the two inventions are as follows.

Group I invention defined in Claims 1-18 drawn to a tube connecting apparatus.

Group II invention as shown in Claims 19 and 21 drawn to a tube connecting method.

Based on the observation that the two inventions are distinct from one another, a restriction requirement has been imposed requiring an election of one of the two inventions.

Applicants hereby elect the Group I invention recited in Claims 1-18, it being noted that the unity of invention standard should apply here and that a search and examination of both groups of claims have already been conducted, thus strongly supporting the notion that no serious burden would result if simultaneous examination of both sets of claims continues.

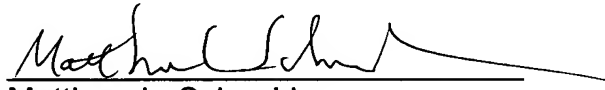

Should any questions arise in connection with this application, the undersigned respectfully requests that he be contacted at the number indicated below.

Respectfully submitted,

BUCHANAN INGERSOLL & ROONEY PC
